7.3 Maintenance of laboratories and overall ambiance (10)

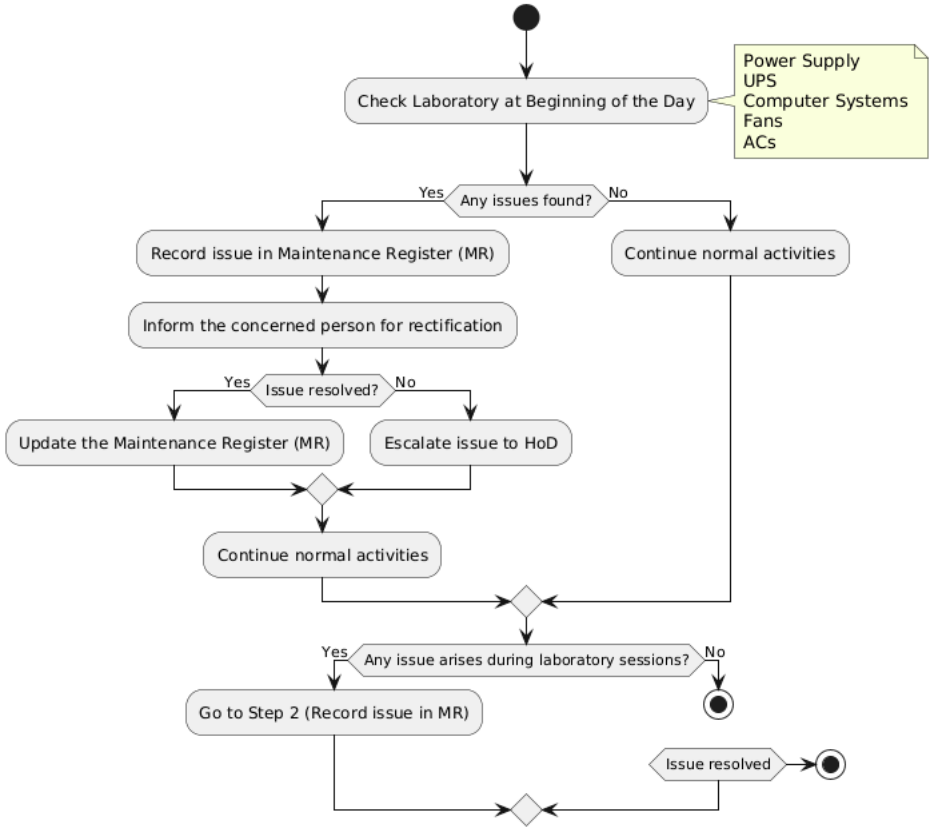

Total Marks 10.00

Institute Marks : 10.00

Laboratory Maintenance:

- Do’s and Don’ts and Safety measures rules are displayed in each laboratory.
- Well trained Staffs are available for maintenance of systems and software.
- Systems are serviced frequently and, on damage or malfunctions the parts are replaced immediately.
- All necessary software for the smooth conducting of the lab are installed in respective labs.

- Shock-proof anti-skid rubber insulating mat used near electrical panels, UPS systems, and power distribution boards.
- The department is having shared internet with a speed of 100 Mbps for students and faculty usage.
- The department is equipped with five UPS units four units of 10 kVA capacity and one unit of 15 kVA capacity with a 240V DC backup supported by SMF batteries. This infrastructure ensures uninterrupted power supply for continuous laboratory operations during power outages.
- Day-to-Day maintenance of the computer systems are performed by the lab instructors in their respective labs on regular basis.
- Regular check-up of equipment is carried out at the end of every semester.
- All systems are installed and updated with regular software like Microsoft office, browser, lab software etc. . They are maintained on regular basis.
- Students' will perform laboratory work with in their respective domain login.
- One teaching faculty and a Lab instructor are in-charge of the overall functioning of individual lab.
- All laboratory log books shall be reviewed every fortnight and counter-signed by the HoD to ensure proper maintenance and monitoring.

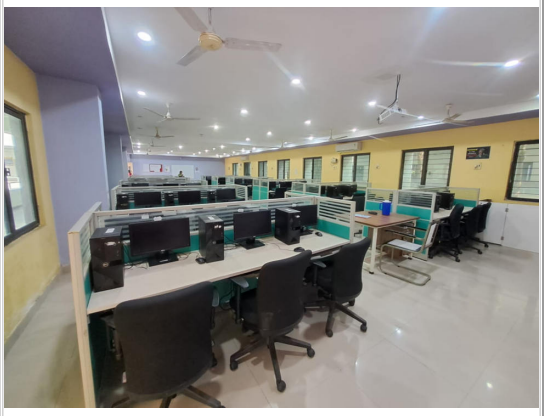

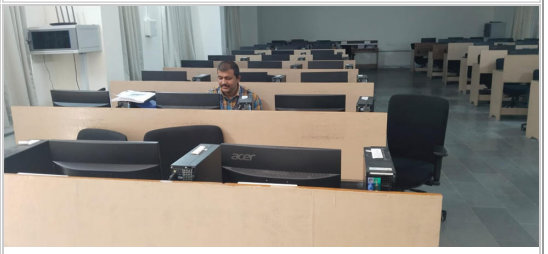

Overall Ambience:

- Department is well equipped with necessary equipment's which caters to all B.Tech courses as per curriculum requirements.
- Conditions of chairs are in good condition. Chairs are provided for individual students in Labs.
- Department has experienced faculty to educate them in their subject.
- All the labs are conducted and evaluated every week.
- Sufficient number of windows is available for ventilation and natural light and every lab has one exit.
- Each Lab is equipped with white board.
- Internet facility is available in all the department labs.
- Lab has been equipped with all updated software for the students to carry out their project work without any hurdles.
- A/C s is provided to maintain ambient temperature.

7.5 Project laboratory/research laboratory /centre of excellence (20) — **Total Marks 20.00**

Institute Marks : 20.00

1. Department has an exclusive lab with 30 computers is available for project work to be carried out by students of all semesters.
2. Project Laboratory enables B.Tech students to obtain hands-on experience and to realize their project ideas as executable projects.
3. Several successful projects have been carried out by students in this lab.
4. Students use this lab to compete in several Hackathons.
5. High speed internet facilities are always available to these systems.

6. This lab is equipped with UPS, which are used as backup to support power failures
7. Final year project work is carried out in this lab.
